WebSphere. HATS

5+ Experience

SUMMARY

- One & half year experience of technical experience in complete software development life cycle process which includes Analysis, Design, Development, Testing and Implementation.
- Extensive work experience in N-Tier architecture systems with application system development
- Using JAVA, J2EE, JSP, Servlets, EJB, XML.
- Expertise with Struts web application framework.
- Good experience in the implementation of various J2EE and MVC, Facade, Value Object, DAO design Patterns.
- Expertise in Web Enablement of Legacy Applications using IBM Websphere HATS.
- Expertise in installation and configuration of JBOSS Application Server, BEA Web Logic Application server, IBM WebSphere (WAS), IBM Web Sphere Studio Application Developer (WSAD) and Tomcat Web Server.
- Solid knowledge and experience with relational databases.
- Expertise with Deployment in UNIX and LINUX Environment.
- Strong expertise in Rational Rose.
- Expertise with web based GUI architecture and development using JSP, HTML, DHTML and AJAX.
- Extensive experience in integration, debugging, design, analysis, and implementation.
- Ability to learn new technologies quickly and to evaluate their architectural applicability.
- Ability to work independently and also in a team environment

TECHNICAL SKILLS

Operating Systems	Windows 2000 / NT 4.0 / 95 / 98, MS-DOS, Suse Linux, Red Hat Fedora, Ubuntu, IBM i5/OS, IBM z/OS
Programming Languages	Java, C#
Web Development/Markup/Scripting Languages	HTML, xHTML, Javascript, CSS, JSP, Servlets, JavaBeans, XSLT
Frameworks/APIs/Open source	Java Mail API, JDBC, Struts, JUnit, TOAD
Software Methodology	RUP, XP, Test-Driven Development, RAD, UML
Databases	SQL, PL/SQL, IBM DB2 UDB 8.2, Oracle 9i, MySQL AB, SQL Server 2000
Editors/Tools	Eclipse 3.x, MyEclipse 5.x, IBM Rational Application Developer v6, Visual Studio .NET 2003 and 2005, MagicDraw UML, Rational Rose, MS Visio, Macromedia Dreamweaver and Fireworks, Adobe Photoshop, CVS, Microsoft VSS
Application/Web Servers	Apache Tomcat, IBM Web Sphere Application Server, Oracle AS Mobile IBM DB2 Content Manager, IBM WebSphere Host Access Transformation Services (HATS) 6.0/7.0

Project Name: Collier County District School Board TERMS

TERMS is an AS400 based legacy application which manages all the records related to the county's school district board, like employee and student information. The project involved web enablement of the legacy application so that a user could use this application from a web browser. This also involved making navigation of screens a lot easier by incorporating Macros and Integration objects

Tools & Technology: J2EE, IBM WebSphere Application Server, HATS

Role/Responsibility: Software Engineer

Project Name: Averitt Express Integrated Pricing System

IPS is a AS400 based legacy application which is used to manage the pricing of transporting items. The project involved web enablement of the legacy application so that a user could use this application from a web browser. This also involved making navigation of screens a lot easier by incorporating Macros and Integration objects

Tools & Technology: J2EE, IBM WebSphere Application Server, HATS

Role/Responsibility: Software Engineer

Project Name: Incentives and Rewards System, Maritz Maritz is one of the leading companies in Canada. The project involved creation of an incentives and rewards system.

Tools & Technology: .NET, SQL Server, Microsoft Commerce Server

Role/Responsibility: Software Engineer

eDev Technologies Jan 2002 - July 2003 **Software Engineer**

Project Name: Bell, Canada The project constituted of development of bell.ca site along with the online voucher/TV Box purchase system. **Tools & Technology:** JSP, IBM Websphere, MySQL

Role/Responsibility: Software Engineer

Project Name: MDDMS MDDMS is a modeling tool based on Zachman framework which models any system from all dimensions that are possible. Once the system is modeled, the generation of software documents like use cases, test cases are just a click away.

Tools & Technology: C# .NET, SQL Server

Role/Responsibility: Software Engineer

EDUCATION

Bachelor in Software Engineering 2005
